

FADHLAN NUR RACHMAN

Full Stack Programmer

+62895331580867 | fadhlан.rachman@binus.ac.id | Cimahi, Indonesia

CAREER OBJECTIVE

As a Computer Science student at BINUS University with a strong foundation in Fullstack Development, I have been developing applications since vocational high school through various projects, organizational activities, competitions, and internships. I am highly adaptable, experienced in collaborative environments, and eager to actively contribute to the professional technology industry with a strong passion and curiosity to grow, especially in dynamic startup environments.

EXPERIENCE

Research and Development, Bina Nusantara Computer Club

2025 – Present

- Active internal projects to help members improve technology capabilities and active collaboration.
- Lead knowledge-sharing sessions and contribute to continuous learning through technical discussions and inter-divisional innovation.

Core Team Participant, Lab Curiosity Competition Team

2025 – Present

- Actively contributed to solution development in university-level data and technology competitions.
- Strengthened soft skills including teamwork, adaptability, and cross-departmental communication.

Software and Technician Engineer Intern, PT Aplikanusa Lintasarta

2023 – 2024

- Assisting in IT infrastructure maintenance and hardware/software system troubleshooting.
- Apply programming knowledge and teamwork to provide IT support across various departments and external clients.
- Gain experience in a professional environment and workflow coordination.
